Summary

As a front-end developer with **1** year of Experience, I specialize in creating visually engaging and user-friendly interfaces, seamlessly integrating UI elements and ensuring responsive design and API integration. My expertise includes optimizing performance, ensuring cross-browser compatibility, and implementing accessibility features. I'm committed to staying updated on evolving frameworks and technologies and thrive in collaborative, innovative projects, always embracing new challenges in software development.

Technical Skills

Languages: HTML/CSS, JavaScript/Typescript
Frameworks/Components: NextJS, ReactJS, Redux, NodeJs, Tailwind CSS, SASS/SCSS, ChakraUI, MUI
Tools/Technologies: Visual Studio Code, Git, GitHub
Developer Tools: Postman, Chrome Dev Tools
Designs: Figma, Adobe Illustrator

Education

Tribhuvan University   2017 − 2022
Bachelor of Science in Computer Science and IT   *Kathmandu*

New Horizon English Boarding Higher Secondary School   2015
Higher Secondary (XII)   *Butwal*

Work Experience

Milo Logic   may 2024 − July 2024
Frontend Developer   *Kathmandu*

- Build a responsive and user-friendly dashboard for a **Restaurant web application** using MUI, React, Next.js and Typescript including reusable components. Developed various different forms for user input using React Hook Form for validation. Collaborated effectively with designer, backend developer, and project lead to ensure seamless project execution and maintain a smooth workflow.

Freelancer   November 2023 − Present
Frontend Developer   *Kathmandu*

- Developed a responsive **Ecommerce app** using React.js, Next.js, and Typescript with Tailwind CSS for UI, including dynamic product listings, cart functionality, user login, registration, product selection, and a separate admin dashboard for managing products, adding categories, managing inventory, checking orders, and order tracking, while integrating advanced form validations and user-friendly UI components for enhanced usability and accessibility.
- Built responsive design elements using plain HTML/CSS and JavaScript , ensuring optimal user experiences across devices.

LancemeUp   June 2023 − September 2023
Frontend Intern   *Kathmandu*

- Learning React core concepts, state management, and component development ,Turning designs into responsive, user-friendly interfaces, and incorporating **APIs**, enhancing app functionality and real-time data
- Developing debugging, optimization, and error-handling skills, improving code quality through teamwork and code reviews
- Designing and developing dynamic web applications using modern web technologies, including **Next.js**, **React.js**, **TypeScript**, **SCSS**, **Tailwind CSS**, and **ChakraUI**
- Implementing additional libraries such as **React Hook Form**, **React Query**, and **Axios** to optimize user interactions and data management
- Actively engaged in continuous learning and skill enhancement throughout the project.

Projects

DevPortfolio | *NextJs, TailwindCSS, TypeScript, Redux* 🔗 **Live** 🔗 **Code**
- Built a portfolio website with Next.js, React.js, and Tailwind CSS for seamless integration and efficient workflows. Also, contributed to UI design concepts, layouts, and CSS designs to enhance visual appeal and user experience.

EducationalApp | *NextJs, Typescript, SASS, ReactQuery, React Hook Form* 🔗 **Live**
- Developed an educational web app using Next.js, TypeScript, and Sass/SCSS, featuring seamless API integration, robust form validation, and secure authentication mechanisms, ensuring a smooth and engaging user experience.

EasyAdoptDubai | *NextJs, Typescript, ReactQuery, TailwindCSS* 🔗 **Live**
- Built a desktop portfolio website using Next.js, Tailwind CSS and TypeScript with UI designs and integrating APIs.

Languages

Nepali: Native proficiency, **Hindi**: Native proficiency, **English**: Professional, **German**: Intermediate.
